G.O. No. 2856

DATED 8-8-38

[Despatch Abstract.]

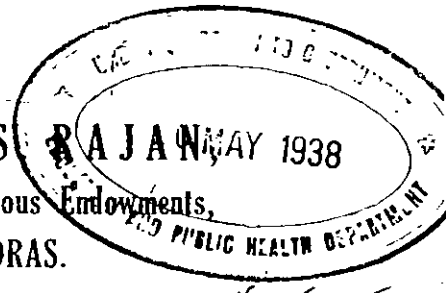
Buildings - Government Hospital, Udipi - Remodelling - Paper

To

The Hon'ble DR. T. S. S. RAJAN,

Minister for Public Health and Religious Endowments,

GOVERNMENT OF MADRAS.



21691

Honourable Doctor,

We, the citizens of Udipi, feel happy and consider it a proud privilege to welcome you. We have noted with gratitude the zeal with which you have been administering the Public Health Department. We thankfully appreciate your action in abolishing the L. M. P. Course and in introducing the system of Honorary Medical Officers. We await with interest your Public Health Bill.

2 We crave your permission to make some suggestions for your earnest consideration. The in-patient wards of the local Government Hospital are old and not quite safe. Accommodation is quite insufficient and verandah cases are not few. We request you to extend and remodel the buildings.

3 There is water scarcity in several portions including the rural tracts within the Municipality. We request you to provide tube wells in suitable centres.

4 Though Udipi is a perennial pilgrim centre, it is not yet connected by railway. We would request you to urge on the Railway Board the necessity of having railway connection with Udipi.

5 The public of Udipi is greatly alarmed at the proposed abolition of the District Munsif's Court at Udipi. Separate memorial has already been submitted to the Government. We appeal to you to use your good influence to retain the same.

6 And lastly, we would request you to appoint Indians permanently for the posts of Director of Public Health and Principal, Medical College and give the necessary encouragement to the indigenous system of medicine.

7 We trust you will enjoy your very short stay amongst us.

We beg to remain,
Yours sincerely,
THE CITIZENS OF UDIPI.

UDIPI,
5-5-1938.

Station Madras. *Dated the* 19th July 19 38

From (Name) Lt. Col. H. E. Shortt, I.M.S.,

(Designation) Surgeon-General with the Govt. of Madras.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

Ref:-Memo.No.21641-2-D2 P.H.,dated 20th June 1938 regarding the remodelling of the Govt. hospital, Udipi.

The main hospital building at Udipi is quite out of date being badly ventilated and without any drainage system.

The building requires to be remodelled so as to have better ventilation and better drainage. Provision has also to be made to accommodate fifty patients - 20 beds for male surgical, 20 for male medical, six for chronic septic cases, and 4 for an isolation ward. The operation theatre will have to be enlarged and a new well has to be sunk

Present Bed Strength 30.

sunk as the present one is not functioning properly.

The existing maternity block on the other side of the road opposite to the main building also requires extension as it is now used both for maternity cases and general sick amongst women. Extensions have to be made so as to have a delivery room for conducting labour, a bath room, a duty room for midwife and a general ward of 10 beds for females.

The above are the improvements necessary to be carried out to the hospital. Owing to financial stringency sufficient attention has not been given in the past to the rebuilding of the dilapidated smaller hospitals in the Presidency.--

I have the honour to be,

Sir,

Your most obedient servant,

H.E. Shortt

Lt. Col. I.M.S.,

Surgeon-General with the Govt. of Madras.

Para 2 of the Address The following statement shows the sanctioned bedstrength and the daily average number of in patients in the Govt Hospital, Udipi for the years 1934-35-36

Year.	Sanctioned Bed strength	Daily average attendance.
1934.	30.	24·12
1935	30.	27·16
1936	30	30·89.

It will be seen from the above statement that only in 1936 the daily average attendance was equal to the sanctioned bedstrength ~~the hospital was~~ ~~said to be well attended~~.

2 In G.O No. 959 P H & 26.3.36, the Government generally approved the programme of medical buildings to be taken up for execution as soon as funds become available. The Govt Hospital, Udipi is not included in the list of Schemes approved in the above G.O. There appears to be no pressing need for extending or remodelling the buildings of the Govt hospital at Udipi. (A)

3 As the in patient wards are said to be not quite safe.

the remarks of the S.C may perhaps be stamped on the suggestion made in the address.

From the S.G.R.No.13734-G/38 19.7.38 pp4-5

The Surgeon General has stated that the main hospital building at Udipi is quite out of date being badly ventilated and without any drainage system. He has enumerated a list of improvements to be made to ~~make~~ make the hospital an up-to-date one. It has been pointed out by him that, owing to financial stringency, attention has not been given in the past to the rebuilding of the dilapidated Smaller hospitals in the Presidency. ~~Further also~~. No action seems called for. The papers may be recorded after perusal by H.M.P.H.

NG 26/7/38. The S.G. has not stated that the improvements to the hospital are urgently required.
